All,

I created a new redline version for EPA edits.

Thanks Tim, this agenda looks good to me. FYI, the redline that was attached to the email from Kyle Scherer doesn't reflect all the changes to the letter since the version that we saw (attached). I did a compare version, and have attached a redline here that shows all the changes between the version we received from David F. on April 4 and this one.

I would like to propose the start of an agenda for our call. I have a hard stop at noon. You are all welcome to continue after I leave, but I'm hoping we can understand what our next steps are by noon, if at all possible.
